

GERMANY USING ENTIRE STRENGTH

Will Soon Be Fighting on
Defensive and Outside
of France.

NOW GIVING GROUND.

Reinforcements Fail to Reach Von
Kluck—His Army Believed to be
in Great Danger.

Paris, Sept. 22.—Convinced that
Germany now has her entire strength
available, the high military authori-
ties in Paris declared that within
another fortnight, or three weeks at
the outside she will be fighting a de-
fensive contest outside of French
territory.

They base this belief on the re-
ports, received by General Gallieni,
today that the British-French turning
movement on the left continues with
the Germans giving ground—slowly
and stubbornly—but giving ground,
having been pushed back seven miles
in forty-eight hours.

The German center and left have
seemingly given up the attempt to
assume the offensive, and should the
left give way, the inevitable outcome
must be the abandonment of their en-
tire present line just the instant that
it gets out of proportion with the
right.

The fact that the allies are now
holding the hills north of the Aisne
river, from Soissons to Craonne,
proves conclusively, it is pointed out
in Paris, that the 100,000 German re-
inforcements sent to Von Kluck
have failed to permit him to assume
the offensive. He can maneuver no
additional men with out extending his
lines west, and this, the present dis-
position of the allied forces precludes
as they hold every point of vantage
directly west of the German right
wing.

Although it must be some days be-
fore the movement can get complete
momentum, the French officials de-
clare today there is not the slight-
est doubt that the Germans have al-
ready commenced withdrawing and
that the battle of the Aisne, the third
decisive conflict of the war to date
is to be settled with a second victory
recorded for the allies.

East of Rheims, in the center of
the battle, the allies are breaching
the German line, and have driven the
Germans from strong positions. The
Emperor's troops are receding on the
plains of Chalons, stubbornly fighting
but constantly driven. The retreat
in the center adds to the danger of
Von Kluck's army, and indicates
necessity for general withdrawal to
a new line of defense, probably in
Belgium.

STILL SHELL TERMONDE

Germans Also Said To Have Taken
Up Various Fortified Positions
In Belgium.

London, Sept. 22.—A dispatch to
the Central News from Ghent says
the Germans continue the bombard-
ment of Termonde, presumably with
the object of preventing a further
Belgian sortie from Antwerp. There
have been various skirmishes in
and near the villages surrounding the
Antwerp positions.

The Germans have entrenched
themselves between Hofstade, 18
miles east of Ghent and Sempst.
The fort of Walehelm on several
occasions bombarded these posi-
tions.

The Germans have also taken up
fortified positions at Gembloux, and
between Wavre and Louvain.

NEWS OF THE DAY

Official figures on the census of
Paris, within the city walls, shows
that there are today in the capital
365,464 fewer families than there
were in 1911. The number of house-
holds now in the city is 761,200.
Consequently a third of the resident
families have left. Numerically as
to inhabitants, the population today
shows a reduction of 1,026,507, as
compared to 1911. This is equal to
63 per cent of the population in nor-
mal times.

Three robbers entered the Franklin
Park Savings Bank located in a sub-
urb of Chicago, at noon yesterday,
shot Walter Joss, the assistant cash-
ier, who was alone in the place, and
escaped in an automobile in which a
fourth member of the gang was wait-
ing. Joss was shot through the
right lung and probably will die. In-
ventory of the cash led to the an-
nouncement that the robbers obtained
nothing, owing to the resistance
shown by Joss, who wounded one of
the men with a blow on the head.

The Pope has sent a dispatch to
the kaiser protesting in dignified
terms against the ruthless destruc-
tion of the cathedral at Rheims. Pope
Benedict says this crime cries for
God's vengeance. He warns the kaiser
lest the destruction of the Lord's
temples, provoke the anger of God,
against which the most powerful
armies are powerless. The Pope has
sent a similar telegram to Emperor
Francis Joseph of Austria, urging
him as a Catholic sovereign to de-
fend his religion.

Reading train No. 56, the Phila-
delphia and Pottsville flier, ran over
a woman and a girl near the entrance
to Phoenixville tunnel yesterday
evening. When the emergency
brakes were applied they refused to
work and the train could not be stop-
ped until it was well within the tun-
nel. Fumes from the engine quick-
ly accumulated and Engineer Farley,
of Pottsville, and Conductor Sham-
bough, of Philadelphia, were asphyx-
iated. Twenty passengers were
overcome.

Interstate passenger fares, in both
eastern and western territories, are
to be increased by the railroads in
the immediate future. The new rates
will be fixed on a basis of 2-1-2 cents
a mile, but will vary slightly, in par-
ticular cases, from that base. In-
formation received by the Interstate
Commerce Commission is that the
straight fare between New York city
and St. Louis, for instance, will be
advanced \$2.00. The fares between
New York and intermediate points
will be based on the increase between
the two large terminals.

Progres Du Nord of Paris relates
a remarkable story of the King of
the Belgians shooting the chauffeur,
who treacherously attempted to drive
him into the German lines. The
King was with his troops south of
Antwerp. He ordered the chauffeur
to drive ahead of them. After a
while the king noticed the driver had
changed the direction. His majesty
warned him, and when the chauffeur
took no notice he drew a revolver
and shot the chauffeur dead. The
king then stopped the car and drove
back to the Belgian lines in safety.
In the chauffeur's clothing papers
were found showing he had received
a German offer of \$250,000 for the
king's capture.

ficial bureau this afternoon.

INVADERS' LINES ARE STAGGERING

Continual Hammerings of
Invaders Bring Their
Natural Results.

CRUMBLE AT POINTS.

Second Week of Battle of Aisne—
Contest of Endurance—Germans
at "End of Their String."

London, Sept. 22.—That the Ger-
man lines are staggering under the
continued hammering of the allies
and that they are slowly crumbling
at important integral points is the
opinion of the British military ex-
perts who are familiar with the
exact situation at the front.

It has been admitted from the out-
set that the present battle of the
Aisne, now well in its second week,
was a contest of endurance. Despite
the splendid entrenchments of the
Germans, it has been insisted that
they have suffered greater losses than
the allies, mainly because of their
massed formation tactics which
present such good targets for the
opposition.

The failure of the German re-en-
forcements sent to aid General Von
Kluck to break down the British-
French opposition emphasized, the
experts say, the fact that the Ger-
mans were at the "end of their
string."

WAR ON THE SEA.

Germans Capture Six British Steam-
ers Recently.

Calcutta, Sept. 22.—The crews of
the six British steamers captured by
the German cruiser Emden in the
Bay of Bengal, five of which were
sunk after the crews had been taken
off, arrived here yesterday after-
noon. They speak highly of the
treatment accorded them by the Ger-
mans, but make light of the German
shootings.

New York, Sept. 22.—There was a
persistent report in shipping circles
yesterday that six of the fleet of
British cruisers which have been pat-
rolling the North Atlantic waters,
have been ordered to steam south
at full speed to clear the South At-
lantic of German cruisers, recently
active there.

It was said they would make spe-
cial effort to capture the Karlsruhe
and the North German Lloyd liner
Kronprinz Wilhelm. The report was
given added credence when it be-
came known that mail received at
the British Consulate here for deliv-
ery to the British cruisers, had been
forwarded to Rio Janeiro.

Two cruisers, the Lancaster and
the Suffolk, were outside the harbor
yesterday.

EARTHQUAKE AT MT. LASSEN.

Sharp Tremor Accompanies Eruption
of Volcano.

Redding, Cal., Sept. 22.—After
a night of muttering and rumbling,
Lassen Peak exploded yesterday in a
sharp thunder clap which rocked the
houses at Macomber Flat, distant
nine miles from the mountain.

The eruption yesterday is the forty-
eighth since the prehistoric volcano
awoke to life on May 30 and the first
that has been accompanied by an
earthquake.

At the time the shock was felt—3
o'clock this morning—the activities
of the mountain were not pronounced
enough to make themselves visible
from a distance, but at 6 o'clock a
vast volume of sulphurous, ash-laden
smoke and steam was seen pouring
from the fissure one mile below the
older vents.

and county in the state. The
bulletins will be received by
special wire and will be
given to the public by mega-
phone from the Gazette
office.

It is expected that the re-
turns will commence to
come in about 7 o'clock and
will continue to be received
until the result is known.

The public is cordially in-
vited to hear the returns in

HEAVY VOTE CAST

Early Returns Show Gains

Richmond, Sept. 22.—2:30
P. M. From all parts of the
state come reports of a very
heavy vote. There has been
nothing received at either
headquarters so far to
change the estimate already
given out, both sides claim-
ing the State by 20,000
majorities Richmond will
give majority of 2,500
against Prohibition.

KILLS HIS ASSAILANT.

Fires on Two Alleged Black Hand
Agents.

Philadelphia, Sept. 22.—Threat-
ened by two alleged members of
the Black Hand Society, who held him up
and demanded money, Joseph De-
Gimone, drew a gun and shot both
assailants last night, at Marshall and
Fitzwater streets. One was killed
almost instantly by bullets which pen-
etrated his temple and chest, and the
other was saved from serious wound
by heavy padding in his coat, which
stopped the force of the bullet, leav-
ing only a slight abrasion of the
shoulder.

The dead man was Ernesto Volesto,
35 years old, and the wounded man is
Giuseppe Geneto, 32 years old.

Following the shooting, an excited
mob, composed of friends of Volesto
and Geneto, attempted to gain ad-
mission to the Pennsylvania Hospi-
tal, where De Gimone and the wound-
ed man had been taken. Fearing
that they would wreak vengeance on
De Gimone, Policeman Kline, of the
Second district, held the mob at bay
with a nightstick until a detail of
policemen arrived.

CLAMOR OF WAR

Fifty Thousand Italians Eager to
Enter the Fray.

Rome, Sept. 22.—The flood of pa-
triotism and of antagonism to Austria
is at its height. Fifty thousand men
are singing national hymns, waving
the flags of the "irredeemed provin-
ces" now possessed by Austria here
today.

So intense was the feeling that the
whole garrison was drawn up 5 deep
around the Austrian embassy. Even
then the paraders threw themselves
against the soldiers, trying to break
through. The enthusiasm was incited
further by the fact that Sunday was
an historical date; forty-four years
ago Garibaldi and his patrons pro-
ceeded to the British embassy, where
they cheered and went on to the pal-
ace of the war ministry and yelled
"Let us fight perfidious Austria."

An all-night session of the Italian
cabinet was held following the re-
ceipt of a formal denial from Vienna
that Austria is making war prepara-
tions upon the Italian frontier.

Following the breaking up of the
meeting yesterday morning no state-
ment was issued but it is generally
believed that the subject of Italy's
future attitude had been under dis-
cussion.

Negotiations are pending between
Italy and Roumania. It is possible
that a new Balkan alliance may be
formed to include Italy instead of
Greece.

RUSSIANS STILL PRESSING ONWARD

Moving Rapidly Against
Cracow and Chief Aus-
trian Positions.

DANKL SURROUNDED.

Invaders Organize Civil Government
in Galicia—Uneasiness in Berlin as
Czar Advances.

Petrograd, Sept. 22.—That the
main Russian army has pressed on
after enveloping the Przemyel-Jar-
slaw line along the San, and is mov-
ing against Cracow and the chief
Austrian positions was the substance
of today's war office statement.

It announced that the operations
were of necessity slow, but that
there has been encountered no op-
position that has required any
change in the original plan of cam-
paign.

It is considered certain that the
real resistance on a large scale will
be encountered along the lines of
the Cracow fortifications. There the
Austrian reserves have been massed
and heavily re-enforced by the Ger-
man landwehr corps, which have
been especially detailed for service
in Austria.

The Russian forces are moving
westward through Galicia, awaiting
the arrival of at least a portion of
the army of 900,000 that is proceed-
ing through Poland to the front.

General Dankl's army which is
retreating toward Cracow, has been
surrounded. The capture of the
town of Dubiecko, on the River San,
by the Russians, has cut Przemyel
off from the western armies, so that
it must now rely for defense upon
the Austrian and German army
corps which are there.

General Dankl is believed to be in
a difficult position. Driven out of
South Poland and separated from the
main body of the Austrian army, he
has been compelled to make a race
for Cracow, in which he was, ac-
cording to Russian accounts, beat-
en by the Russian army coming
outhward from the Vistula to Bac-
ano.

The Russians are now so sure of
Galicia that they are organizing a
civil government for that region, as
well as for Bukovina, the Austrian
crown land, of which they are com-
plete masters.

Berlin, via Rome, Sept. 22.—Tel-
graphic and telephone communi-
cation with Breslau suddenly ceased
today. It is feared that the Russian
center may have pushed forward and
be attacking the city.

MAY KEEP ARCHANGEL OPEN.

Russia to Use Iceboats at Port in
Arctic Until December.

London, Sept. 22.—According to
information received by the British
Board of Trade, it may be found pos-
sible to keep open the Russian port
of Archangel in the Arctic Ocean by
means of ice-breaking steamers until
the end of November and possibly
until the middle of December. It is
hoped also to make arrangements for
additional berths, which will facili-
tate the discharge of private car-
goes.

Archangel is the most northerly
point in the railway system of Eu-
rope and is the only large seaport in
the north coast of the Russian Em-
pire. The harbor usually is free from
ice only between July and Septem-
ber.

THE FIGHT AT SOISSONS

London Times Correspondent De-
clares German Loss Colossal.

London, Sept. 22.—The correspon-
dent of the Times, near Soissons,
continuing his story of the opera-
tions on the Aisne, after the Allies
had successfully crossed the river
says:

"On Tuesday, the 15th, a severe
attack was made by the enemy, who
evidently had been reinforced and
was determined if possible, to break
through the Allied lines, between
Vic-sur-Aisne and Soissons, that is
between the British and French
forces.

"This attack was heralded by a
tremendous outburst of heavy artil-
lery fire, followed by a systematic
advance of the infantry and machine
guns. The Allies forces stood their
ground splendidly, poured a deadly
fire into the attackers and finally in
certain cases, repulsing them at the
point of the bayonet. This battle
continued with unabated fury all
night and through Wednesday and
Thursday.

"On Wednesday night the Germans
attacked the French furiously in the
region near Rheims. They attacked
three times but each time they were
repulsed with heavy loss.

"On Thursday they attacked the
British with equal fierceness in the
neighborhood of Soissons, when
again their losses were enormous.

"The first sign of weakening was
noticed Thursday afternoon after the
fierce attacks of that day had been
repulsed. The Germans losses were
colossal. The Germans charged in
close formation with utter reckles-
ness of human life.

"The whole idea of German
strategy seems to be to throw plenty
of weight in the belief that some of
it is bound to get through.

WAR CLOUD BECOMES BLACK

Nine More Nations Likely to Enter
World Conflict.

Bordeaux, Sept. 22.—French officials
admitted that they believed at least
three, and possibly nine, more nations
would enter the war if it were of long
duration. Reports received here in-
dicate that Italy and Roumania will
soon cast their lot with the allies
and that Turkey will join Germany.
If Turkey enters the lists, Greece and
Bulgaria will undoubtedly do so. Four
other nations that have preserved
their neutrality thus far have been
steadily pressed to decide one way or
the other. These are Holland, Den-
mark, Norway and Sweden. The geo-
graphical location of Norway and
Sweden will help them in their ap-
parent efforts to be only onlookers,
but Denmark and Holland are in a
precarious position.

Bucharest, Sept. 22.—A semi-official
announcement here says that the
positions of Roumania and Italy are
identical "as regards the contin-
uation of neutrality."

POSTPONEMENT OF EVACUATION

NO FEARS OF VILLA

Huertista Junta at El Paso Respon-
sible for Groundless Reports Now in
Circulation.

Washington, Sept. 22.—Representa-
tions made by the French govern-
ment regarding customs collections
made by General Funston at Vera
Cruz, are postponing American e-
vacuation of the Mexican port. Until
the financial tangle is unraveled
Funston will not move his troops.

Part of the collections are claimed
by French financiers as security for
a loan to the Huertista government.
That these claims should be satis-
fied by Funston himself out of Mexi-
can funds he has collected, without
being paid to a constitutional rep-
resentative, is the contention of the
French government.

Officials today scoffed at reports
of a Villa "uprising" in Sonora. It
is pointed out that the succession of
rumors of trouble between Villa and
Carranza originated at El Paso,
where a Huertista junta has been in
operation.

Chihuahua deny reports sent from
Chihuahua deny reports sent from
El Paso that Villa had jailed Gen-
eral Obregon. As a matter of fact,
these dispatches said, on Saturday
evening when the jailing is said to
have occurred, Villa and Obregon
attended a dance together in Chi-
huahua.

The British foreign office has cab-
led the embassy here for copies of
the recent interview attributed to
Sir Lionel Carden in which criticism
was made of President Wilson's
handling of the Mexican situation.
The State Department previously
had asked the British foreign office
for an explanation of the incident.

LIVES IN MIDST OF DEATH

French Officer Writes of Scene Along
Battle Line.

Bordeaux, Sept. 22.—The Temps
prints a letter received from a friend
of its editor at the front. The letter
is dated September 9 and says:

"For four days we have been fight-
ing without stopping and sleeping so
little that this morning I fell asleep
in an automobile and bursting shells
in the road hardly caused me to blink
my sand-laden eyelids.

"We are holding our own, but at
what a cost! All the horizon is in
flames all the villages within 25 miles
are burning and the night sky seems
glittering with sparks.

"The noise is such that one ceases
to perceive it. We live in the midst of
death. I owe my life to miracle, the
circumstances of which I am at a
loss to explain even now. Two big
shells fell on and wrecked the house
where I was talking to General—
about the German wounded I had
come to fetch. At the first explosion
which crushed the roof, I advised
the General to take shelter behind
the wall.

"Hardly had I left him when the
second shell exploded in the very
spot where I had been standing. The
whole house burst into flames. Cap-
tain A., to whom I had been speak-
ing, fell forward dead, and
Colonel B., who was entering the
drawing room, also was instantly
killed.

"A great out- of the debris through
a window, upon the threshold of the
house, were General—, Colonel T.,
and Lieutenant V., all grievously
wounded. My name has been men-
tioned in the army orders."

GERMANS SINK JAP SHIP

Second Torpedo Boat Lost—Petrograd Hears Jap Aeroplanes Blew Up Kiauchau Forts

Peking, Sept. 22.—Mail advice from Tsimo state that the Japanese lost a second torpedo boat outside Kiauchau. The vessel was sunk by a German cruiser.

Correspondence from Tsingtau, dated September 16, says:

"Japanese destroyers shelled the German barracks on the coast 14 miles north of Tsingtau. Bombs dropped from hydroplanes today damaged neither the town nor its defenses because the constant firing of the garrison kept the airships about 2,000 yards above the town."

The British detachment which left Tientsin to co-operate with the Japanese at Kiauchau sailed nominally for Weihaiwei, Shantung, but it is believed that the men would land at Laoshan Bay, thereby avoiding a violation of China's neutrality.

Transports conveying the British detachment left Tientsin Saturday. This detachment consists of one regiment, the South Wales Borderers.

The British correspondents have not been permitted to communicate this news for the reason that it concerns the movements of troops.

Paris Sept. 22.—Telegraphing from Petrograd, a correspondent of the Havas Agency says:

"A dispatch received here from Vladivostok declares that Japanese aeroplanes, throwing bombs, have destroyed two of the important forts at Tsingtau."

WETS VERSUS THE DRYS

Votes Cast in Alexandria Today Without Excitement or Bad Feeling.

The long anticipated contest between the believers in statewide prohibition and those favoring local option has been conducted in this city with earnestness from six o'clock this morning. During the first three hours over five hundred ballots had been deposited. There was no excitement and nothing outside the normal. The reports which had been circulated to the effect that women and children would be around the booths were groundless, the good people of Alexandria having no intention of engaging in any spectacular proceedings, but, very sensibly, allowed each suffragan to vote as his conscience dictated.

At nine o'clock scenes at the First ward voting place were similar to those connected with former contests. A corporal's guard was near Armory Hall, but there were no attempts to influence any one. At the Second ward polls conditions were also normal, as was the case at Odd Fellows' Hall, the Third ward voting place, and the old Friendship Engine house on south Alfred street, where the people of the Fourth ward cast their ballots.

Most all the members of the police force were kept on duty, but their services were not needed. Everything was being done decently and in order.

The Gazette office will be kept open tonight and returns announced as soon as received, not only from the city, but from all points in the State.

The vote cast at 3:30 o'clock this afternoon was as follows:

First ward	292
Second ward	336
Third ward	294
Fourth ward	338

PROTEST AGAINST SALOONS

Residents of Alexandria Want District Authorities to Close Resorts.

Saloons near the railroad terminals at Thirty-sixth and M streets Washington, are injurious to Alexandria county, it was decided at a prohibition meeting last night at Alexandria Court House. A committee of five men was appointed to appeal to the excise board of the District to eliminate the saloons.

The meeting was the culmination of a series held in the interests of prohibition by the Anti-Saloon League of Virginia. Six hundred persons attended the meeting.

Frank Lyon organized the meeting, with George H. Rucker, town clerk, representative of the Anti-Saloon League, to aid the prohibitionist cause at the election today.

A resolution passed said that the saloons make it easy for residents of Alexandria county to obtain liquor on their way home.

Frank Lyon, chairman; T. J. DeLashmott, Dr. J. Tabor Johnson; E. E. Wilson and Frank L. Ball compose the committee appointed to see the excise board.

VIRGINIA TROOPS INVITED.

Richmond, Sept. 22.—Invitations for the participation of the Virginia troops in militia maneuvers at San Francisco during the summer of 1915, have been received by Adjutant General W. W. Sale, and the State authorities are considering the feasibility of attending. It is believed, however, that the expense will be too great, although any command will be given all the aid possible.

If, by any possible the Virginia troops do accept the exposition offer, the date for their arrival will be fixed so that they can participate in the exercises incident to Virginia day. Governor Henry C. Stuart and his staff will be there for that occasion, and Virginia expects to have a large representation on hand.

ALEXANDRIAN GETS 30 DAYS.

Henry Howard, who told Justice Crutchfield in Richmond he came from Alexandria, was given thirty days in Police Court yesterday morning on a charge of threatening to assault a pedestrian on Broad street when his intended victim twice refused the Alexandria man a gift of money.

"About three years ago I had a serious attack of summer complaint. The doctor's medicine failed to benefit me so I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy upon the recommendation of one of my neighbors. One of the other medicine I had used. I found it did me more good than all proved rapidly and in a short time I was well," writes Mrs. Mary Higgins.

DEATH WAS ACCIDENTAL

Raymond S. Mumford Fell Into Old Canal Bed Last Sunday Night.

Raymond S. Mumford, whose body was found in the old Alexandria canal basin, yesterday morning, came to his death by an accidental fall, according to the coroner's jury, which held an inquest on his body at Wheatley's undertaking establishment last night.

The verdict was as follows: Raymond S. Mumford came to his death by accidentally falling into the old canal bed on the east side of the bridge near same, the night of September 20th.

The jury which had been summoned by Dr. T. M. Jones, city coroner, consisted of P. M. Bradshaw, foreman, J. D. Brown, H. E. Webb, James B. Martin, J. William May, and J. Fred Birrell. Thirteen witnesses were examined.

SUITOR FLINGS ACID.

Girl's Mother And Brother Seared as Result of Quarrel Over Elopement Failure.

Philadelphia, Sept. 22.—Because his sweetheart refused to elope with him, after a previous effort at a runaway marriage had failed, Norman Pratt, 19 years old, of Germantown, yesterday forced his way into the home of Theresa Fitzmartin, and, after trying to make the girl drink a bottle of acid, splashed the fiery fluid about the place, seriously burning the girl's mother and her 4-year-old brother, as well as himself.

The raging suitor was placed under arrest.

ATHLETIC CLUB ELECT.

At a meeting held last night in the rooms of the Chamber of Commerce the Virginia Athletic Club, composed of young men of this city, elected C. J. Mueller, as manager; Robert J. Wenzel, assistant manager, and W. L. Nails, captain. They are arranging games with teams in or near this city and Washington, and members of which weigh about 149 pounds. Manager Mueller is in correspondence with the Pennsylvania Railroad Apprentice School at Harrisburg, Pa.

POTOMAC PRESBYTERY.

The Potomac Presbytery will convene its regular fall meeting in Leesburg, tonight. The Second Presbyterian Church of this city, will be represented by A. G. Uhler, as delegate, and W. E. Latham, as alternate. The Rev. John Lee Allison, D. D., pastor of the church, will also attend.

CONDITIONS IN PARIS.

Many Thousands Without Employment And Hungry.

Paris, Sept. 22.—M. Georges Berry, one of the deputies still in Paris, explained yesterday that he considered his presence necessary to assist in organizing for the relief of soldiers' families and that of the starving population.

He estimated that there are 150,000 persons without work in Paris.

Free meals have been given, and already in the Ninth Arrondissement, which he represents, 25,000 have been served.

The committee, of which M. Berry is a member, is trying to set business going again, trade being practically at a standstill, especially in the wealthy quarter, owing to the departure of the customers from this city.

One great problem, he said, was the manufacturers' lack of raw material, due to the difficulty of obtaining ships.

SERBS EVACUATE SELIN

For Strategic Reasons, Say Official Statement—Montenegrins Reported Near Sarajevo.

Nish, Servia, via London, Sept. 22 The Servian official press bureau have issued a denial of the report from Vienna that the Serbians had retired from Selin, in Hungary opposite Belgrade, after losing 6,000 prisoners and several pieces of artillery.

The report admits, however, that the Serbians evacuated Selin on orders from headquarters for strategic reasons. The retirement was accomplished in perfect order and the Austrians did not re-enter the city until two days later, it is said.

MASQUERADING."To such base usage must we come

to the name of Liberty, and the
Goddess of the Goddess in the Rich-
mond Virginian with her foot upon
the neck of a citizen of the common-
wealth, and not upon a despot, as
the goddess of Liberty is depicted.The goddess of Liberty, though
been tried in the dust by misguided
men, and the locks of the Goddess
of Liberty have been cut by people
who imagine they were accelerating
the victory of old Virginia.The goddess is represented as fierce
and as unrelenting as Minerva. The
present figure is that of an in-
offensive man who dares to have an
opinion of his own in the home of his
country.FIND NATIONS REAR
LEARN WAR NO MOREIn connection with millions, though
for this mundane sphere, we have
to believe (at least to hope) that
when the dove of peace shall return
to this storm-tossed planet, it will
who may survive the titanic col-
lision will be of a genus to discourage
armaments in future, and the millions
collected in taxes used in civil
puruits. The world will have by that
time grown weary of killing each
other, and a better feeling it is be-
lieved, will prevail throughout the
universe.Toy soldiers and warlike uniforms
and tin swords for children's play
and wearing of dresses of military
cut and hats suggesting militarism
were deprecated at a meeting of the
women's peace committee yester-
day in the Hotel McAlpine, New
York. The elimination of these, it
was argued, will serve to aid the
movement by diverting the
effort of children and women from
warlike channels.The toy battleship, so much in evi-
dence on Christmas, must give way
for the return of Noah's ark and
other devices suggestive of better
things.THE FIELD OF
ARLINGTONAn ancient forecast, the book of
Ezekiel, seldom explored by the pul-
pit or poet, tells of a sanguinary bat-
tle in which the dead will be so thick
that it will require seven months to
pick the bodies of the fallen under-
ground, while the air will be poisoned
by the effluvia rising from them.
There are scenes in the terriblestruggle now horrifying the world
akin to the scriptural picture.A writer from behind the Allies
lines in France says:I climbed from the hollow in which
Barry nestled and reached the edge
of the plain which was barred by
German trenches. A terrible spectacle
is presented. The vast plain is lit-
tered with corpses. Hundreds and
hundreds of bodies lie on the ground
as far as the eye can reach. They
are all lying in one direction, like
grass cut by a scythe. Death has
overtaken them in the furious rush
of an assault. All lie with limbs
extended and faces forward."One crosses this empty space and
meets the death again, but here they
are all Germans. Along the edges of
Chambray road the whole episode
of the hand-to-hand struggle is nar-
rated by corpses. An isolated group
of Germans had made a rampart of
the roadside and remained there fir-
ing. They could not retire and held
out as long as they could. The last
of the dead Frenchmen are three
yards from this spot—and then the
assault passed on. Pierced by
bayonets the Germans fell with
their backs against the improvised
parapets."German troops are represented as
dying to the music of their regim-
ental bands in the valley of death
along the Aisne by day and by night.
Their losses are colossal.Describing a counter attack made
by the Germans, a correspondent of
a London paper says: "They came on
singing with their drums beating be-
hind them. Even at night they had
their hand to play them on to attack."

NOT NEGOTIATING PEACE

German Ambassador Says He Has
Wireless DenialNew York, Sept. 22.—The German
Government denies that peace nego-
tiations are going forward at Wash-
ington, according to a wireless mes-
sage which Count Von Bernstorff,
German Ambassador to the United
States, last night said he had re-
ceived from Berlin by way of Say-
ville, L. I.The message which the Ambassador
said could be put down as an official
statement coming from him, was as
follows:"The report, evidently originated
from Paris and Antwerp, that Field
Marshal von der Goltz issued a pro-
clamation that Germany intended to
negotiate peace, and that they had
no intention of making peace, is
an invention.""Likewise, there is no truth in the
rumor that peace negotiations are
going on at Washington. All these
inventions have been recently denied
by the North German Review, the
official organ of the German Govern-
ment."Washington, Sept. 22.—President
Wilson said yesterday that he was
prayerfully working for peace in Eu-
rope, but indicated that nothing of a
definite or formal character had yet
been done.He told callers that publication of
stories that he would call a world
conference to discuss peace interfered
with his serious work.President declared that a

Great Singers Must be "Tobacco Wise"

Tuxedo is the Tobacco Chosen by Opera Stars

MEN who depend upon their voices come to know tobacco as the ordinary smoker never knows it. A sensitive throat or mouth feels the slightest sting, bite or scorch of tobacco.

Tuxedo is the one tobacco which singers, actors, public speakers—all men who guard their throats zealously—can smoke with pleasure and safety.

Tuxedo tobacco cannot sting, bite or irritate the delicate membranes of the mouth or throat.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Tuxedo tobacco has made thousands of men converts to the pipe, because it has made pipe-smoking possible for them. Under the famous "Tuxedo Process" the mild, tender leaves of the highest grade Burley tobacco are so skillfully treated that Tuxedo burns slowly and affords a cool, mild, thoroughly enjoyable pipe smoke.

Leading men in all walks of life—well-known doctors, lawyers, ministers, lecturers, etc.—smoke Tuxedo and testify to its soothing influence on the throat.

Armed with a pistol, but unmasked, a bandit yesterday entered the People's State Bank, at Dodson, a suburb, of Kansas City, locked Hugh Moore, assistant cashier, in a vault and escaped in a motorcar with \$1,300. A customer later entered the bank and released Moore, who abouted the combination of the lock through the vault door.

HONESTY IN ADVERTISING.

Honest Policy the Only Successful Plan.

Business that would attain leadership in a competitive field must advertise. A big manufacturing concern doing business everywhere and especially one whose goods last so long that they sell each consumer infrequently, cannot afford the expense of having men everywhere on the ground to solicit orders at just the right moment. This causes a demand for the goods and big selling or jobbing concerns gladly do the rest of the work of delivering the goods and collecting for them. This makes the best and most economical way to do business.

Advertising effects a saving by economically paying the way for the sales manager to make sales quickly and easily by correspondence or the call of his salesmen. It picks out the real prospective customers and leaves out those who are not interested.

There are honest and dishonest kinds of advertising. Facts clearly and honestly stated are the best selling arguments in the world and make a healthy growth in business. On the other hand, dishonest advertising is a rate of progression has been attained on an honest basis, the business will generate its own power and ascend the hill of success.

On the other hand, the goods are misrepresented through dishonest advertising, the confidence of the people in that house will be shaken and ruin will soon come from the expense of the advertising without the necessary volume of business from happy customers to pay for it. Such experiences affect the confidence of everyone in advertising in general, and injure to a certain extent, the honest advertiser.

Advertising to be a success, must be honest, not only in big things, but in little things as well. The people may be fooled part of the time, but the time soon comes when a dishonest advertiser finds out he can't fool the people very long. This accounts for most failures in advertising.

There's a **Certain-teed** dealer in your locality. He will be pleased to give you further information about our extensive line of goods and will quote you reasonable prices on all of them. Be sure the goods are made and guaranteed by us.

ALLEGED DESPERADO ON TRIAL

He is Accused of Murdering Friend After Trivial Dispute.

Luray, Va., Sept. 22.—Aided by half dozen attorneys, with the attorneys of two counties—Madison and Page, prosecuting him, Charles Sisk, the alleged mountain desperado of Madison county, is battling for his life in one of the most sensational murder trials ever held in Virginia. The specific charge for which Sisk is on trial is the murder of William Dodson, near Nether, in the Blue Ridge.

The murder of Dodson was the outgrowth of a trivial affair, originally over the lifting ability of two men. Immediately after the murder Sisk made his escape, coming to Luray. When he rode into town he was arrested. He was returned to Madison county and lodged in jail to await trial. Sisk saved his way to freedom.

During his liberty Sisk wrote to the Sheriff of Madison county, informing him that he would be back in time for his trial, which had been set for the May term of the Madison court. Failing to make good his promise, officers began a search for Sisk and finally located him at the home of a Dunkard minister near the scene of the murder.

After taking a number of medicines without benefit I got a bottle of Chamberlain's Tablets and found they were just the thing. Two bottles of them rid me of this complaint." For sale by all dealers.
